To sit in a seat and while

The muscles all rot, My posture is shot

I'm not gonna go for a run

D A
Every time I brainstorm
G D A
Ideas, for art rooms
D A G A
All I know is farts can't go wrong

D A
Take 3 told us not to
G D A
But deep down, I've got to
D A G A
The toilet humor show must go on

Bm A G A
Your gut, it ends in a butt
Bm A G A
And I know that your sphincter is strong
Bm A G A
Once more, it's in your back door
Bm A
It's your poop and it's art
G D A D
And it's part of this song

Bm A G A

D A
Poop is universal
G D A
It's not controversial
D A G A
Don't let people tell you it's wrong

D A
In suites and in the small rooms
G D A
There's poop art in all rooms
D A G A
But the toilet paper is gone

Bm A G A
Fart sounds, will bring back the clowns
Bm A G A
There's a shtick where you fart on a gong
Bm A G A
We'll stay, they've got a bidet
Bm A
You are safe in my bathroom

G D A D
The fans will go on and on

Bm A G A Bm A G A
flute solo:
D E F# G F# E D E A A B# A E
D E F# G F# E D E A A B# C D E

Bm A G A
Poop, shit, commit to the bit
Bm A G A
I believe that a fart can't go wrong
Bm A G A
I'm sure, you thought we'd do more
Bm A
With this theme, but it's art
G D A D
And the farts will go on and on

Gut Rhapsody

Play to a track

Is this the real gut? Or is this just allergies?
Caught overthinking, Can't escape my proclivities

Can't trust my eyes, what do they even see?
I'm just a biome, I need no harmony
Limbs are easy come, easy go
Little hand, little toe
Any way my mind says, muscles always follow, you see...

My spleen, they shot you down
Mind put thoughts inside my head
Wish my gut could lead instead
Revo- lution had begun,
But now we've gone and fucked the whole thing up

My gut, oooooh
I don't wanna cry
My para-sympa-thetic system's done for
Carry on, carry on, digestion doesn't matter

[Short Music Interlude]

Too late, system's overrun
Send shivers down my spine, body's aching all the time
Come on, microbiome, we've got to grow
Gotta leave the thoughts behind and face the truth

My gut, oooooooh
I don't wanna cry
I sometimes wish I hadn't been such a dick to you

[Long Music Interlude]

I see a little silhouetto of a germ
Gastro groove, on the move, can you do the food tango?
Arguments and fighting, won't you please enlighten me

Gastro system (Gastro system)
Gastro system (Gastro system),
Gastro system on the go
(Where did you go?)

I'm just a body, nobody trusts me
(I'm just a body, with some poor phalanges)
Spare me your words and just tell me to breath

[Weird breathing sounds]

Ferment yes, ferment no, will you let me grow? Oh Brine, oh no, we will not let you grow (Let me grow)
Oh Brine, oh no, we will not let you grow (Let me grow) Oh Brine, oh no, we will not let you grow (Let me grow) We will not let you grow (Let me grow) We will not let you know (Let me grow) No, no, no, no, no, no, no

Oh, My intestines, my intestines, my intestines what a wreck
Conditioning told me I should never trust instincts, instincts, Instiiiincts!

[Music Interlude]

So you think you can starve me and call me a glitch?
So you think you can override my every twitch?
Oooooooh, mind, can't do this to me mind
Just gotta feel, just gotta feel deep inside

[Music Interlude]

Ooh, Ooh yeah, ooh yeah,

Gut things really matter,
more than you might think
Gut things really matter
Gut things really matter to me

A Thousand Rooms

strumming in triplets (fast)
C D G G (g)

[Verse 1 SLOW]

G
Had a plan
Em
Meet after the main show
C
But you weren't there
D
Did we say 10 or did I
G
fuck it up
Em
I'm wondering to myself
C
All of my drugs, why did I
D Am
Leave them in your pouch
Am G GSus2
I'm too so--ber

G
I have searched every room
Bm
Looking for you
Em
Where the fuck did you go
G
With my drugs too
C
Through a thousand rooms,
D
Searching through a thousand more.

[Verse 2 SLOW]

G
Found - a - room
Em
Something with button stuff
C
Bellies and lint
D
It's pretty cool, but I'm not
G
Sure who is
Em
having more fun than me
C D
I'm feeling like, if I was high
Am
This would be sweet
Am G GSus2
I'm too so--ber

G
I have searched every room
Bm
Looking for you
Em
Where the fuck did you go
G
With my drugs too
C
Through a thousand rooms,
D
Searching through a thousand more

[Verse 3 SLOW]

G
Saw - a - door
Em
Pushed inside and I saw
C
Naked bodies
D
Everyone beckoning me
G Em
To come join and who would have thought I'd find

C D
Ev-ery breath, ev-ery touch

Am
Would be so sweet

Am G GSus2
My first or--gy

G
I did search every room

Bm
Looking for you

Em
What I found blew my mind

G
I don't need drugs

C
Not to have some fun,

D
When there's so much inside.

G Bm
And all along, I believed, I -- would find you

Em G
I opened up, found myself

with deep presence

C
Through a thousand rooms,

D
I'll see another thousand more.

G

"But where the hell are you, seriously - I want to hang out!"

Healthy

D
I've never eaten a GMO
I spend 2 grand on supplements monthly
My Oura ring is all aglow
Tells me I went to sleep, so I'm ready

D
And every meal's like
Lion's mane, chaga, superfoods of every type
Does it, e-ven, work at all or is it hype
C G
We don't care, we even eat it in our dreams
But everybody's like
D
K-hole, molly, serotonin overload
Weekdays, weekends, every day's a festival
C G
We don't care, we'll fix our bodies with a prayer

D
And we're gonna be healthy (healthy)
Take a look at our blood
C
Moderation ain't for us

G
We crave a different kind of buzz
D
And we're gonna be healthy (healthy)
I'm a biohacking queen
C
And baby, I'll heal (I'll heal, I'll heal, I'll heal)
G D
Let me live that fantasy

D
My friends and I, we've cracked the code
We pump ourselves with teenage plasma
weekly
Our telomeres they grow and grow
Yeah we'll be eternal, forever we can party

D
And every meal's like
Lion's mane, chaga, superfoods of every type
Does it, e-ven, work at all or it is hype
C G
We don't care, we even eat it in our dreams
But everybody's like
D
K-hole, molly, serotonin overload
Weekdays, weekends, every day's a festival

C G
We don't care, we'll fix our bodies with a prayer

D
And we're gonna be healthy (healthy)
Take a look at our blood
C
Moderation ain't for us
G
We crave a different kind of buzz
D
And we're gonna be healthy (healthy)
I'm a biohacking queen
C
And baby, I'll heal (I'll heal, I'll heal, I'll heal)
G D
Let me live that fantasy

Fit in Your Butthole

G D7
What stuff can you fit in your butthole?
G
The ER docs won't bat an eye.
D7
Buzz Lightyear, a fork, a Ketchup bottle,
G
It's not hard to find things to try.

D7
Do you want this Ketchup in your butthole?
G
We didn’t put it on our fries
D7
These grill tongs should give you reassurance
G
This ball gag will muffle your cries.

D7
Insurance will cover all the x-rays
G
That hamster was bored anyway
D7
That pint glass won't come out in one piece but
G
The stitches won't lengthen your stay.

D7
I'm not sure my ass was meant to hold this
G
Big can of deodorant spray
D7
That Barbie just lost it's rubber head but
G
She'd smudged her cute smile anyway

D7
I thought I had turned my phone to vibrate

G
Now grandma can't give me a call

D7
I wish that live eel wasn't electric
G
That light bulb was no fun at all.
